What We Do

Outreach

Friendship, respect and trust

Advocacy

Befriending and signposting services

Recovery

Preparation and support for detox and rehabilitation

From street homeless to recovery and beyond.
We are there for every step of the journey.

HAZEL PROJECT

Faith • Hope • Love

www.thehazelproject.org

The Recovery Fund

The Southampton city street community is made up of approximately 50 people. Our initial annual target is to fund 2 people through detox at a cost of £9,000 each and fund 1 person for a 24 week residential rehabilitation programme, at a cost of £22,000, giving them the chance of a new life.

Target: £39,568

The Team

The Team are all experienced volunteers, which means that all money donated is focused directly on helping the homeless.

Corporate Social Responsibility

This is a great opportunity to demonstrate your organisation's commitment to social responsibility, funding those from the homeless community to access pathways to recovery. We will assess and prepare candidates for recovery, supporting them along their journey. Enhance your employees' well-being, morale, and retention by aligning corporate values with actions and fostering a sense of pride.

Let's Transform Our City

Give hope to those most in need. Be part of reducing the social impact of homelessness and related addiction issues in the city. Together let's improve the atmosphere and generate pride in our city for the benefit of businesses, residents and visitors.

Reduce Corporation Tax

Deduct donations from your profits, reducing your corporation tax exposure whilst changing lives and transforming our city.
